Grant Falconer

DIT/VT

Grant found his passion for for film watching Peter Jackson's 'Lord of the Rings' trilogy, when the time came he decided to pursue his dream and study film. He began his career as a PA, had a brief stint in lighting but has now happily found his niche as a DIT and VT Operator, priding himself on his data management. Whilst Grant happily plays on the commercials side of things, long form and in particular, doccies are where his true passion lies
