

A photograph of a woman, Khaya Skeef, sitting on a wooden plank that serves as a ramp for the back of a white van. The van's rear doors are open, revealing a well-organized interior filled with various pieces of equipment, including a large stack of silver metal poles or tubes on the right, and other gear on shelves and the floor. The woman is wearing a black t-shirt with a graphic, black pants, and black sneakers with white soles. She is looking towards the camera with a slight smile. The background shows a paved area and some greenery.

KHAYA SKEEF

LOADER

The super versatile Khaya joined us as an assie grip, quickly becoming a BB for Jonathan 'Scotty' Scott, she also did a few movies in lighting but with her eye on the end game of becoming a DP she transitioned to loading in 2022. Mostly loading for Tyrone Poipao these days she happily helps all focus pullers when their regular is not available and so now and then dips her toes back onto gripping - Girl Power right there!
