RUAN BARNARD

FOCUS PULLER

ABOUT

Ruan received a digital camera when he was still in high school. He started playing around with it and quite quickly was doing his own stop frame animation sequences.
This inspired him to study film at Pretoria Tech.

Ruan is the most sought after focus puller in Johannesburg, he's just one of those technicians that's both really excellent at what he does (uncannily so) and is a really decent, lekker bloke.
