←—————→
DOP
OPERATOR

<https://www.imdb.com/name/nm10587455/>

Biography :

Khaya joined the film industry in 2013 as a camera assistant on the floor at Media Film Services in Cape Town.

He cannot remember not having a love for film and so it made sense that this would be the only industry for him.

He has had the pleasure of working for a great number of SA Greats as well as a few internationals. Going forward, he sees himself moving from pulling to operating and eventually becoming a DOP in his own right and contributing to the industry that has given so much to him already.
